

Strategic Programs – Government-Wide Acquisition Contracts

Michael O' Neill
Director

Federal Networks 2011
February 15, 2011

- Current Government-wide Acquisition Contracts (GWAC) Update
- Upcoming GWAC
- Integrations Business Case
- Alliant GWAC Contracting Opportunities
- Questions

ALLIANT

- 59 Industry Partners
- Contract period 2009-2014, with one, 5-year option
- Aligned with FEA and DoDEA
- All contract types available

- # Fair Opportunities 102
- # Awards 122
- Total Obligated \$ \$471,933,374
- Total Estimated Value of Awards \$3,414,432,379
- # of Pre-Award Scope Reviews 195

Inception thru Feb 9, 2011

ALLIANT SMALL BUSINESS

- 73 Industry Partners
- Contract period 2009-2014, with one, 5-year option
- Aligned with FEA and DoDEA
- All contract types available

- # Fair Opportunities 54
- # Awards 55
- Total Obligated \$ \$143,744,339
- Total Estimated Value of Awards \$729,246,297
- # of Pre-Award Scope Reviews 198

Inception thru Feb 9, 2011

VETERANS TECHNOLOGY SERVICES (VETS)

- 43 Industry Partners
- Contract Period 2007-2012, with one, 5-year option
- Program Ceiling - \$5B
- Two Functional Scope Areas:
 - FA 1 Systems Operations & Maintenance
 - FA 2 Information Systems Engineering
- Fixed-Price; T&M; LH
- Total Obligated \$ \$698,106,586

Inception thru Feb 2, 2011

COMMITTS NEXTGEN

- Transferred from Dept. of Commerce in March 2008
- 40 Industry Partners
- Program ceiling - \$8B
- Final Option Exercised - Task Orders Awarded by July 20, 2011
- All IT Services and Associated Products
- All contract types available

Tier Level NAICS Size Standard

Tier I \$7M or \$15M Size Standard

Tier II \$25M or 500 Employees

Tier III 1500 Employees

- Total Obligated \$ **\$47,016,519**

Inception thru Feb 2, 2011

8(a) STREAMLINED TECHNOLOGY ACQUISITION RESOURCES FOR SERVICES (8(a) STARS)

- 197 Industry Partners (Originally 493 Industry Partners)
- Program Ceiling - \$15B
- Contract period 2004-2009, with one, 2-year option period
- Directed orders allowed up to \$4 million
- Fair opportunity must be used in orders in excess of \$4 million
- 8 Functional Areas Based on NAICS Code Definition
- Fixed-Price; T&M; LH

- # Awards 3,018
- Total Obligated \$ \$3,068,054,435

Inception thru Feb 2, 2011

8(a) STREAMLINED TECHNOLOGY ACQUISITION RESOURCES FOR SERVICES II (8(a) STARS II)

- Anticipated award date – Spring 2011
- Features include:
 - \$10 billion program ceiling
 - A five-year base with one five-year option
 - Directed orders allowed up to \$4 million

- Two constellations (levels) based on industry accreditations, each with four functional areas designated by the North American Industry Classification System (NAICS)
 - 4 Functional Areas Within Each Constellation
- Includes an additional tier of contractors that have:
 - CMMI Level II + Certification, and/or
 - ISO 9001:2000/2008 + Certification

INTEGRATIONS

What is Integrations ?

- A potential new GSA Multiple Award IDIQ contract that would:
 - Provide a broad range of professional products and services
 - More than just Program Management
 - Have a scope covering several specific disciplines such as engineering, finance, logistics, and information technology
 - Be available for use Government-wide
 - Focus on professional services that can be combined to form a total integrated solution
 - Cover all phases of the system development and implementation life cycle, e.g., implementation, operations and maintenance
 - Offer a prequalified list of professional service contractors with additional task order competition
 - Not be a GWAC

INTEGRATIONS (CONT.)

Benefits for Government and Industry

- Fills a gap in government contract offerings providing a contract that can provide integrated solutions under **all contract types**
 - Includes cost reimbursement contracting as an option as cost contracting will continue to play a critical role in government contracting
 - Standardized labor categories
 - Reduces risk of out-of-scope procurements
 - Provides an efficient approach for handling ODCs
 - Offers a prequalified list of professional service contractors with additional task order competition
 - An efficient avenue for industry to provide and Federal agencies to receive total integrated solutions through best-in-class companies
 - Simplifies and streamlines the acquisition of private sector solutions that cross multiple disciplines thereby reducing government and industry acquisition costs
 - Complements the professional services schedules in a manner similar to the way Alliant and Alliant SB complement the IT Schedules.
